Prevention & Counseling

Individual, family, group intervention and prevention services facilitate healing through strength-based approaches.

With a vision to end child abuse; Prevention, Education and Counseling focus

on mental health interventions, community advocacy, domestic violence prevention, education & awareness activities.

Community collaboration and project involvement is geared toward empowering communities to manage change, build upon strengths and focus on project goal attainment.

Give Hope 5 to Stop Abuse

Will you honor the 5 children who die each day due to abuse by supporting our prevention services?

Testimonials from Valued Participants

“The Counseling helped me find the courage I needed to move on with my life.” (Sharon - adult abuse survivor in our Counseling Program)

“The Ethics Conference I attended was not only superb in content but was lively and impactful. You have great Instructors.” (Devon, C&Y Supervisor, and Educational Institute Attendee)

“I found out it wasn’t my fault after I finally talked about that nasty thing that happened to me.” (John, Age 9 - attended our Prevention Program)

“The custom training helped our team work better with each other. I LOVED the activities and the chocolates were a nice treat!” (Robyn, Educational Institute Attendee)
